WHAT IS CURIOCITY BRISBANE?

Curiosity Brisbane sparks inspiration and innovation, transforming our city into an interactive place to “explore, create and play”.

Premiering in 2019 as a platform for science, technology, engineering, arts and math (STEAM), Curiosity Brisbane showcases STEAM-related events, large-scale physical and digital installations, music and conversations.

Curiosity Brisbane returns in 2021 for 17 days from 12 to 28 March.

2

WHAT ARE THE CURIOCITIES?

Curiocities are where art, science, innovation and technology intersect through large-scale interactive physical or digital installations.

They interact with audiences of all ages, making Brisbane a playable city for visitors to touch, see, hear, learn and wonder.

With the city and river as a backdrop, creators, makers, artists, engineers, architects and others will temporarily transform Brisbane through STEAM-based interpretations.

The Curiocities will be located at open public precincts in and around the city and operated daily from 8am to 8pm. The precincts include the Brisbane CBD, the City Botanical Gardens, Brisbane’s Cultural precinct and/ or other locations at Curiosity Brisbane’s discretion.

Creators of the Curiocities may be called on to stimulate discussion in curated public conversations as part of Curiosity Brisbane 2021.

GUIDELINES

A SPECIFICATIONS

- Consideration of maintenance and durability of the Curiosity, with special consideration towards inclement weather including winds and heavy rains
- Consideration to how the Curiosity is playable and interactive by the public
- Consideration to how the Curiosity demonstrates clear links back to STEAM
- Consideration of public safety and the public's access to and interaction with the Curiosity
- Consideration of sustainability principles in the creation of the Curiosity.

B BUDGET

Curiosity Brisbane will provide base investment from \$5,000, up to a maximum of \$50,000 per Curiosity for the selected installations, subject to Curiosity Brisbane's approval.

In addition to the investment, creators are welcome to collaborate with other parties (subject to approval) to enable them to extend resources and gain additional funding to assist in the delivery of the work. Your installation partners will be recognised at your installation. Please provide a budget for your work in your submission.

C RESPONSIBILITIES

Applicants must deliver the Curiosity to the agreed site on an agreed schedule.

Any maintenance work required during the period of Curiosity Brisbane is the responsibility of the applicants and must be delivered in a timely manner to ensure the Curiosity is functioning for the duration of the period.

The applicants must be able to provide a risk assessment and a public liability insurance certificate of currency for the Curiosity in support of a contract with Curiosity Brisbane.

The applicants will need to be available for media and PR opportunities.

The installation will remain the property of the applicants with Curiosity Brisbane having access from load in to deinstallation as agreed.
